PERSONAL PROFILE

Senior Software Engineer with 8 years building high-traffic Java and Go microservices on AWS and Kubernetes. Led the migration of 40 services to EKS, cutting infrastructure cost 31% while lifting availability to 99.98%. Experienced in mentoring, on-call leadership and CI/CD automation.

SKILLS

Languages: Java, Go, Python, TypeScript, SQL
Cloud & DevOps: AWS (EKS, Lambda, S3, DynamoDB), Kubernetes, Docker, Terraform, GitHub Actions, CI/CD
Data & Messaging: PostgreSQL, Kafka, Redis
Observability: Prometheus, Grafana, OpenTelemetry

EXPERIENCE

Example Payments Ltd | Dublin, Ireland — Jun 2019 – Present
Series C fintech processing €4B/year

Senior Software Engineer — Mar 2022 – Present

- Led migration of 40 Java and Go payment microservices from EC2 to Amazon EKS, cutting compute cost 31% (€420K/year) and raising availability from 99.9% to 99.98%
- Reduced p99 checkout latency 42% (850 ms → 490 ms) by redesigning connection pooling and retry logic in the Go payment gateway
- Mentored 4 engineers to promotion through weekly design reviews; introduced an RFC process adopted by 6 teams

Software Engineer — Jun 2019 – Feb 2022

- Built Kafka-based event pipeline handling 15K events/sec for real-time fraud scoring, reducing chargebacks 18%
- Cut deployment time from 45 to 8 minutes for 30 services by moving Jenkins pipelines to GitHub Actions with parallel test stages

Software Engineer | Acme Software | Bengaluru, India — Jul 2017 – May 2019

- Developed Spring Boot REST APIs serving 2M daily requests for a B2B logistics platform
- Automated regression testing with JUnit and Selenium, lifting coverage from 40% to 82%

PROJECTS

kube-cost-lens | *Go*, *Kubernetes API*, *Prometheus* | github.com/alexmurphy/kube-cost-lens

- Open-source per-namespace cost reporter for Kubernetes; 1.2K GitHub stars

EDUCATION

B.Tech, Computer Science | National Institute of Technology | India — 2017

CERTIFICATIONS

AWS Certified Solutions Architect – Professional — Amazon Web Services — 2024
Certified Kubernetes Administrator (CKA) — CNCF — 2023
